Hello Dan,

Thanks for a very productive meeting today, as we feel that much closer to the end.

I have attached the draft training deck for 2021 based upon the most recent information as of a couple of days ago. You will see highlighted sections where the necessary changes have either already been made or are reminders for where changes are likely still be needed as the required changes become clear.

We will continue to update this training deck as we move forward and can provide updated versions as needed, just let me know when you want to see more.

We will talk to you tomorrow.

Thanks,

Jeff
